My name is Coronavirus

I love to travel...

and to jump from hand to hand to say Hi

HIGH FIVE
Have you heard about me?

And how do you feel when you hear my name?

Relaxed  Confused  Worried
Curious  Nervous  Sad
I can understand you feel...

...I would feel the same way
Sometimes adults get worried when they read the news or see me on TV

THAT’ S ME!
But I am going to explain myself...

So you can understand...
When I come to visit, I bring...

Difficulty breathing

Fever

Cough
But I don’t stay with people for long, and almost everyone gets better

Just like when you get a scrape on your knee and it heals

BYE BYE...
It's normal to worry!

But the adults who take care of you: _____________
will keep you safe

[Image of a yellow house with hearts coming out of the chimney]
And you can help...

1. By washing your hands with soap and water while singing a song

   You can sing your favorite song, the happy birthday song, or the alphabet song

2. By using hand sanitizer and letting it dry on your hands

   Without moving them count to 18

   1, 2, 3, 4, 5, 6, 7, 8, 9, 10

   Once your hands are dry you can get back to playing!!
If you do all that and stay at home, it helps to stop me visiting so many people while the doctors work to find a vaccine that will allow me to say hi without getting you sick.
THE END
